Our Reference NL.01

Dear Sir/Madam

Further to our recent communication our records have now been amended to show that you are not currently using television receiving equipment at your address.

You will not now be contacted again regarding this matter for a two year period. However, if during this period your circumstances change, and you begin using television receiving equipment to receive or record television programme services, you will need a valid TV licence. You must notify us either by calling **0870 600 6446** or in writing.

If we don't hear from you sooner, we will contact you again after two years to confirm that your situation remains unchanged.

If you move home, please contact me on **0870 600 6446** and I will make sure we transfer this arrangement to your new address.

Yours sincerely

A handwritten signature in black ink, appearing to read 'V Smith', with a horizontal line extending to the right.
